## Refund / Cancellation Policy:

### Technical issue

In case of any technical issue due to which the payment gets deducted from the payer's account and does not show in our official ERP but the payment gateway service clearly mentions the confirmed settlement thereafter the IASP's account

receives the payment. We manually submit the payment in our ERP. It should take 7-10 working days for the payment to be credited in IASP account.

### **Multiple Payments Case**

If double payment happens and the payment gateway service clearly mentions it, the IASP will refund the payment after the IASP account receives payment. Which should take 7-10 working days for the back payment as per payee request per year.

### **Other Payments Case**

In all other cases where there is a discrepancy in the fee paid, the person has to directly contact the IASP and the IASP decision would be final.
